DUBLIN, Ohio, May 01, 2026 (GLOBE NEWSWIRE) -- reAlpha Tech Corp. (Nasdaq: AIRE) (the “Company” or “reAlpha”), an AI-powered real estate technology company, today announced Mike Logozzo, Chief Executive Officer, and Thomas Kutzman, Chief Financial Officer, will present at The Market Movers Investor Summit and the D. Boral Global Conference.

Management will discuss Alpha's progress in executing its strategy to build the leading consumer-aligned, AI-driven real estate platform, including recent momentum in transaction growth volume, geographic expansion, and the integration of its acquired businesses.

“We're building an integrated platform bringing together real estate, mortgage, and title. We are uniquely positioned to transform the homebuying journey through technology, data, and integrated services. These conferences are an opportunity to share our progress directly with investors,” said Mike Logozzo, Chief Executive Officer.
